A Day In The Life Of A Briscoe Student

A bell rings, classes break and the hall is full of noise. These are Briscoe's students, all these girls and boys.

Almost three minutes later, a student runs from the gym with a look of concern. She makes it to her classroom just as the bell rings and sits down to learn.

During class the teacher must leave the classroom and when she does the airplanes start to fly. She returns, sees one in take-off and a boy is sent to the office, leaving with a sigh.

The students attend a football game to show their team they believe they can win. And if they lose the game they say there'll be another game again.

This is Briscoe's students, rushing, clowning and showing their school spirit to everyone. And by clowning, laughing and showing school spirit they make school a little more fun.

Activities

Briscoe

Is

Education

EDUCATION

Education is not just knowing everything on one's history test. Education is when a student, with the help of a competent teacher, grasps the most he can from a course. The student body here at Briscoe tries to live up to this definition of education. Although it is difficult at times, almost every pupil tries his or her hardest. This attitude helps to make Briscoe a unique junior high school.

Briscoe

Also Is

Friendship

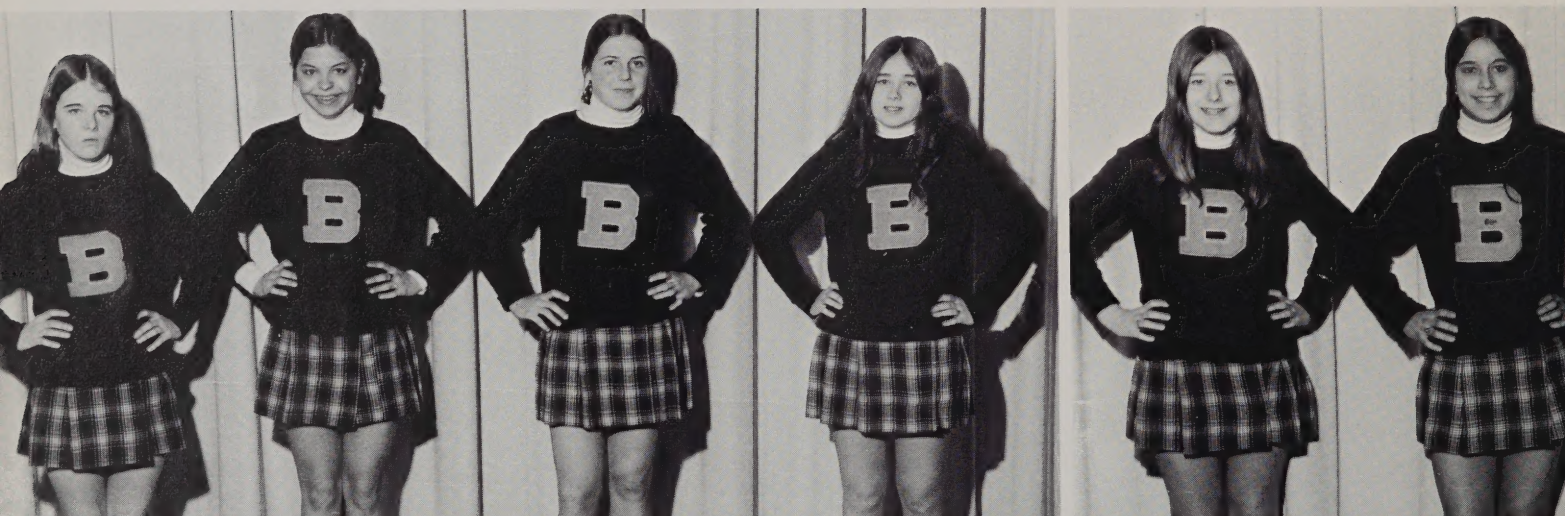

FRIENDSHIP

Friendship at Briscoe is more than just a word. It is a feeling among the students. The feeling is being kind and loyal to one another and liking it!

Years and years from now when we look back, the sound of friendship will probably be gone, but when we meet up again the meaning and feeling will still be there for we know that you can't break up our friendship. It is too strong and close.

Part of the friendship at Briscoe is sharing your lunch(?), gossiping between classes, having detention with your best friend or just plain being around everybody sharing their feelings, whether they be happy or sad.

Our friendship became so strong that we wished to share it. On December 14, the students began a project to help raise money for the Pakistani Refugees. The feeling of sharing was in everybodys heart and mind and we know it will stay there!

Briscoe Is . . . Spirit

LIFE

As time goes on,

The reflection of your childhood
comes to mind,

You think of the good times
and the bad,

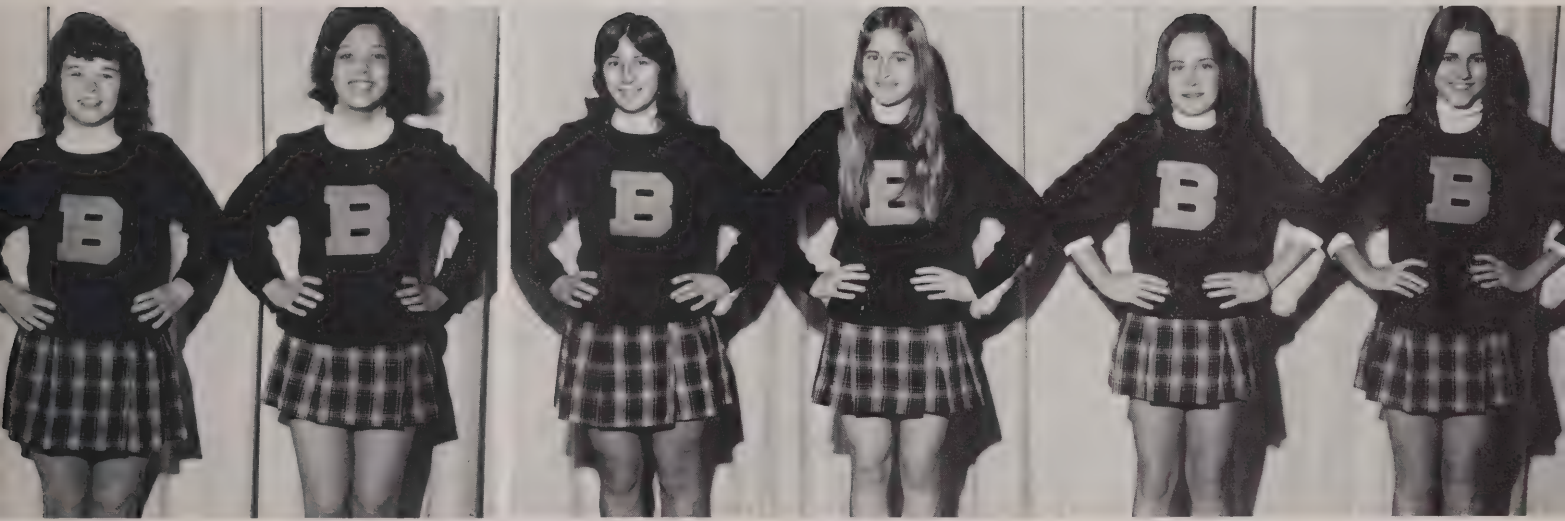

All the fun and trouble you got into

But, you also wonder where did my life go to?

- D. Richardson

Spirit!

Have you ever been to a Briscoe football game? a basketball game? The students who attend these activities show an important type of school citizenship ... spirit. Briscoe spirit is being able to find time to participate in the many activities at Briscoe. Spirit also is being able to have faith in our teams even though they may be temporary. The faculty and graduating class should be truly proud of the exceptional school spirit shown this year by the Briscoe students.

Briscoe Is . . .

Communication

Communication between teachers and pupils is one of the many fine qualities Briscoe has. At all times of the day students and teachers may be talking about the seriousness of grades and school work or of other things outside of school. It's happening after school, or in the classroom itself, in the halls and everywhere.

It is difficult to do well without discussing school work with your teachers. You should take advantage of what help teachers have to offer. Communication is a necessity for learning and luckily it comes naturally at Briscoe.

Activities

What would a student's life be like without school activities? This question is difficult to answer because nearly everyone is involved in some kind of activity. Office and library assistance, a variety of clubs, and many types of sports help to keep the pupil interested and contribute to the well-being of our school. Many pupils become involved in these activities to escape the monotony of crowded study halls. Others devote themselves to a particular hobby- skiing, drama, etc. Although activities take a large slice out of the student's precious spare time, they are welcomed as a refreshing change from a dull schedule.

Joy

Joy can be a simple thing
Like watching Winter turn to Spring.

Or being told your paper is the best
Getting an A on a History test

Finding that your report card grade
Is much better than what you should have made

Looking at your Science mark and finding it's a C
When you thought all along you'd get at least a D

Throwing a project together at the last minute
and getting a B
Being chosen by the teachers and students to be
a Briscoe key

Hearing the cheerleaders say a cheer for you
Getting a surprise math test and knowing what to do

Joy is this and many other things
Smiling faces is what Joy brings.

- Gail Purcell

Joy at Briscoe is winning a Football Game, passing a Social Studies test, making the cheerleading squad, and finding out that your name on the detention list was a mistake. Joy is just being a kid with good friends and lots of time to spend with them. Though there may be a few disappointments along the line, most of the hours at Briscoe are happy ones.

Sadness

SADNESS

Sadness is when you're in gym and there's a bomb scare.

Sadness is when you're passing a note and the teacher gets it and reads it out loud.

Sadness is when you've lost your lunch money and it's your favorite lunch.

Sadness is getting an E, U in self discipline.

Sadness is cheating on a test and flunking it.

Sadness is dropping your lunch on the first day of school.

Sadness is when you bite into a meatball sub and you find the meatballs on the floor.

Sadness is when you walk into a water fight in the halls.

Sadness is getting up early to go to school and you realize it's Saturday.

Sadness is loosing your bus ticket.

Sadness is surprise tests.

Sadness is studying the wrong pages for a test.

Sadness is giving an oral report.

But Most Of All Briscoe Is People

Briscoe Is . . .

Dilute it! Dilute It!

The chorus sings at the Blue and Gold lunch.

Who me?

Mrs. McAller, our librarian.

Mrs. Bingham teaches a Social Studies class.

FACULTY

Administration

ADMINISTRATION

Chester H. Battis
Principal

Joseph C. Chandler
Vice-Principal

This year was another good year, and a great deal is due to the administration. The people in the front office are always there in time of need.

Mr. Battis has encouraged many new activities throughout this year. The students response to the clubs was overwhelming. He may sometimes seem in a rush, but he usually has time for the students here at Briscoe.

Mr. Chandler is a man who is concerned about the students and the school. He devotes most of his time after school to detention! Something to look forward to at the end of the day.

The secretaries are most helpful before school begins. They collect homeroom attendance, admit students and give tardy slips. Without the secretaries: Mrs. Craig, Mrs. Pzenney, and Miss Perely, this school would be in tough shape.

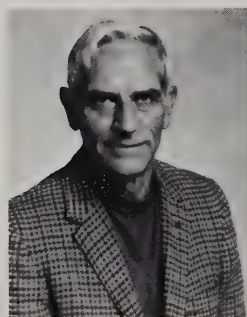

Guidance

Mr. Arthur Dunn

Mrs. Lillian Raymond

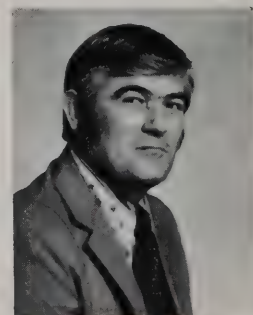

Mr. Robert Brown

Mrs. Anita Bingham

Over the years the Guidance Department has helped many Briscoe students on their way to high school. Their personal interest in the students make them the right people to know when making a decision.

Mr. James Fallon

English

Mrs. Louise Podgers

Mrs. Barbara Gifford

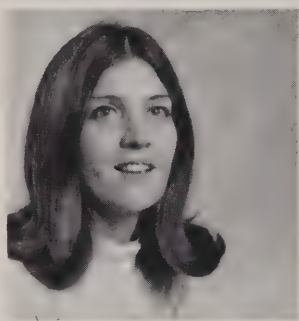

Mrs. Andrea DellaVeccio

Miss Joan Leadbetter

Mrs. Nancy Pearse

Mrs. Dorothy Clarkson

Mr. David Sandman

Mrs. Susan Given

Mrs. Patricia Bargowski

Mrs. Carolyn Soucy

Mrs. Linda Seal

Mr. Daniel Kelleher, Jr.

Mr. John Coffey

The English Department opens the door to literature for students of Briscoe. English Literature and the grammar that is taught will be of great use to us in the future.

Picture Missing - Miss Margaret Crowell

Mrs. Barbara Trudeau

Mrs. Sennott

Fine Arts

Mr. Allen

Art and music are offered to all at Briscoe as a diversion from regular subjects.

In Art, you are able to explore all aspects of the subject. A few of these aspects deal with lettering, cartooning, painting and sketching. Creating what you want is also emphasized in the course.

Music has become more interesting because of the different types of music today. Some history of music is studied, along with the music of today. It is analyzed with emphasis placed on what the song is trying to say.

Mrs. Savageau

Foreign Languages

Miss Gagnon

Mr. Borge

A few years ago, several educators reprimanded school systems for not emphasizing the value of knowing a foreign language. The systems wanting to be "up with the times" readily updated their language programs. Recently, however, the emphasis has been on other areas of study. Fortunately, Briscoe has not neglected its foreign language department. Since the administration realizes that colleges still have language requirements, and that students really enjoy this study, the department has remained an essential part of the school's mechanism. We, the students, applaud this decision, not only because the languages themselves are interesting, but also because they break up the monotony of the daily pattern of study. We are glad that the study of French, German, and Spanish is here to stay.

Mrs. Bryan

Miss Busch

Mr. Gniewek

Physical Education

A sound mind in a sound body - trying to achieve the latter of these involves lots of dedication on the part of Briscoe's Physical Education department. In the gym and on the playing fields both boys and girls learn the fundamentals of many sports. The enthusiasm generated by the teachers in this department add to the knowledge, skill and fun of every student in Briscoe.

Mrs. Leslie

Mr. Sexton

Miss Peebles

Mrs. Bates

Industrial Arts

The Industrial Arts Department prepares the students for their future in the home or industry. Both boys and girls have participated this year in all the industrial arts courses. Some boys have done quite well in the kitchen and some girls have turned out some excellent work in wood shop.

Math

Mrs. Atwood

Mr. Parrella

Mr. Loiselle

Mrs. Strauss

Mrs. Amidon

Mr. Gosselin

Mrs. Alphen

Business

Mr. DeRobertis

Picture missing:
Mrs. Tomas

The faculty at Briscoe has changed a little this year. We had to say good-by to Mrs. Woodbury, Mrs. Shepard and Miss Daugherty. Their absence will be sorely felt in our school. But we also welcomed some new faces among us. Mr. Danielian, Mr. Lovell, Mrs. Robinson, Mrs. Bryan and Mrs. Clarkson have joined the staff this year and found Briscoe to be a fine place to work and to teach.

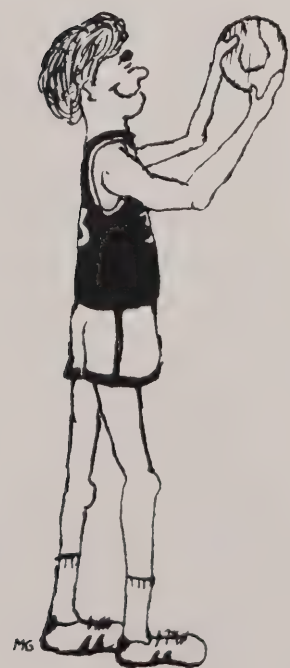

Many innovations during the year, for example the club activities, have helped the Briscoe teachers and students to get to know and appreciate each other better outside of the classroom as well as in it.

There has been a great deal of activities in the various departments this year that have been interesting and educational for students and teachers alike. The new video tape machine has provided many projects in the english department. Speakers and films have been featured in Social Studies and Science. A computer has sparked much interest in the Math and Business departments.

It has been another good year for the Briscoe faculty.

Faculty Autographs

SPORTS

Football

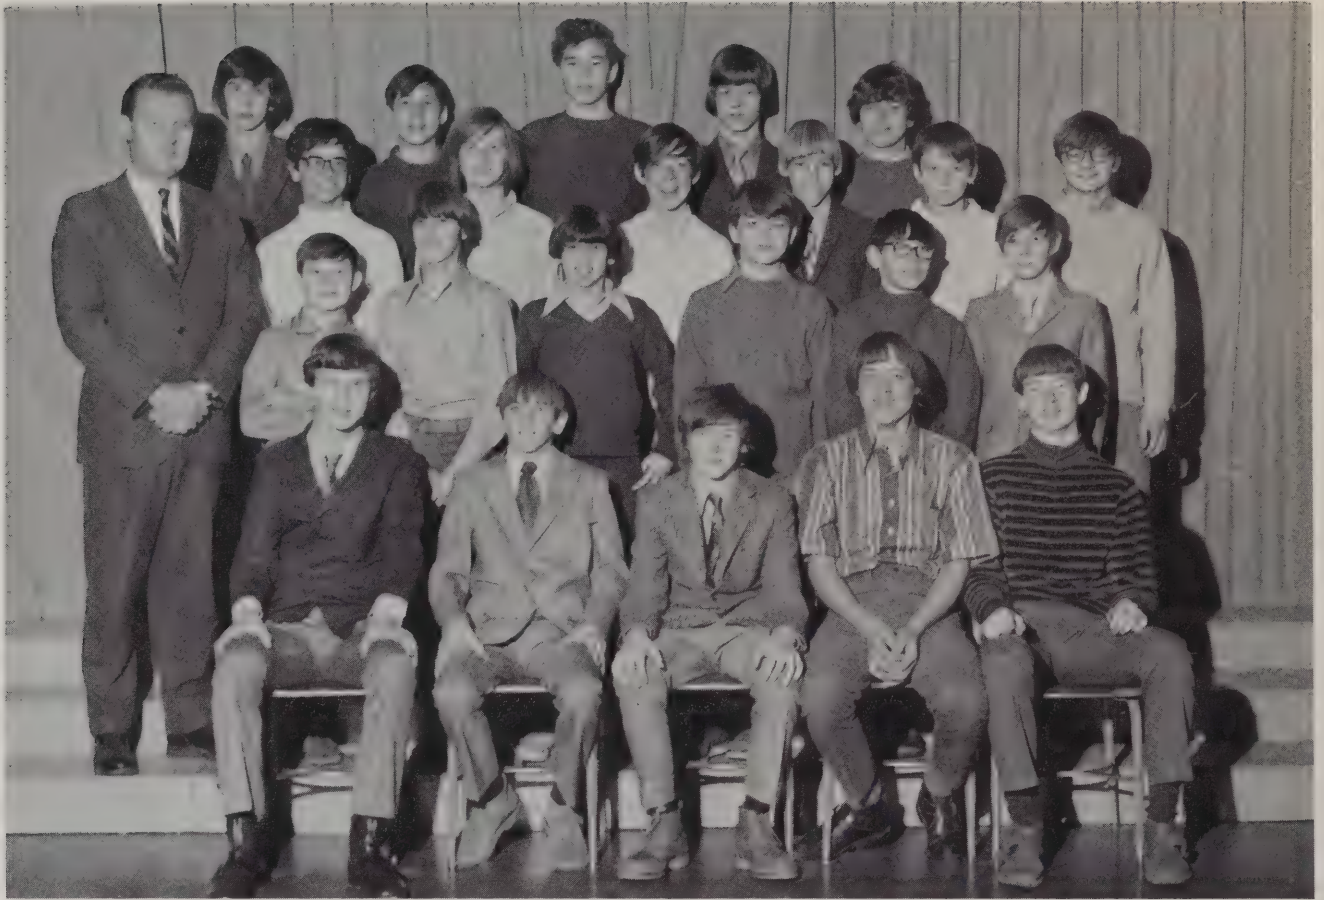

Though the scores of this years game may have been disappointing to some, the spirit of the Briscoe team was not. Sparked by the able captains, Brian and Bruce Nardella and Dave Colletti, the team showed what real sportsmanship means. To the graduates we owe our gratitude for a hard fought season, and to the seventh and eighth graders we look forward to a great season next year.

Basketball

Briscoe's basketball team played skillfully and spiritedly this year. Under the coaching of Mr. Gosselin and Mr. Borsetti the boys really moved on the court. Briscoe fans were proud of the performance of both the varsity and junior varsity teams.

Cross Country

The Cross Country team did an excellent job this year. They not only brought honor to themselves but to the whole school as well. In a sport that relies heavily on skill as well as speed and strength, the Briscoe boys showed what teamwork is all about. Future classes will remember with pride the Cross Country team of 1972.

Girl's Basketball

The girls at Briscoe are as skillful and spirited on the court as they are in all their other endeavors. They play hard and fast. Their spirit is not daunted by the speed of the game. The whole school had reason to be proud of our girls this season.

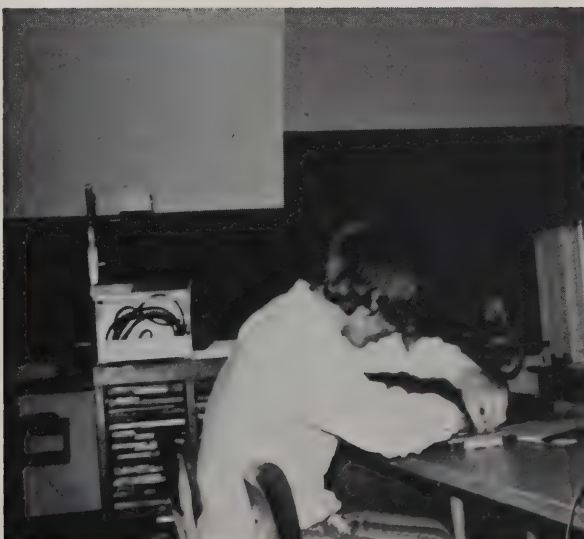

Is there really a Santa Clause?

Some like it, Some don't!

No pass!

What's this?

Where's Snoopy?

ACTIVITIES

Ninth Grade

Eighth Grade

Seventh Grade

Student Council

The student council has been very active this year. They have made their presence felt within the school and out. Among their projects were a very successful cake sale during the elections and also a dance which was very much enjoyed by many of the student body.

Band And Chorus

Both the band and chorus presented an outstanding concert this year during the holiday season. They worked and practiced many hours to give the students of Briscoe a musical activity any school would be proud to call their own.
